As we approached two decades we knew we wanted to have a big year that reflected on the past and kicked off our future. This album is the centerpiece marking our 20th anniversary and the 300th of the city of New Orleans. With the tremendous support of the New Orleans Convention and Visitors Bureau we asked our two most recorded artists, who have performed periodically with each other for 25 years, to collaborate and bring in dozens of great musicians to help. Irvin and Kermit bring out the best in the other, and we get to witness the result in this outstanding record!

They say time flies when you are having fun and this has been the trip of a lifetime. We can't wait for the next twenty and we hope you join us in our love and appreciation for the music and traditions of this great city! Thank you for buying music!
